Office of Inspector General on Michael Unit of "T.D.C.U."

Excuse me, I wrote y'all recently but heard nothing back so I'm writing this note and keeping a copy ~ I also wrote the Head Warden C. Monroe of Michael Unit doing the same thing regarding: Theft of my property, excessive use of force with obvious injuries, and refusal of immediate medical attention for my serious medical needs that I did report and that have been proven completely...

These illegal events occurred between 2-13-2018 and 2-21-2018... Before lunch on 2-13-2018, Captain Jamadre L. Enge and Officer Barbro C. Neal stole a bunch of my property out of my cell at the time "12 Building A-Pod 78 cell"--- they are seen coming out of my cell with a chain bag and a sheet full of my property, which I never saw or heard of ever again--- there is a security camera close to that cell that can probably see alot of what they did in that cell... This theft of my property "which I tried twice now to file grievances on only to be rejected out of hand" motivated me to initiate a Use of Force which occurred around 2:40pm on 2-13-2018 where the same Captain Jamadre L. Enge decides to be the one to operate the 5 man Use of Force team himself... This Captain Jamadre L. Enge sprayed me very excessively with chemical agents without waiting for proper intervals between each spray and when the 5 man team finally came in the cell, they proceeded to hurt me physically by: Gouging my eyes "busting all the blood vessels in my eyes"; slamming me very roughly cracking/fracturing my ribs, punching me repeatedly in the back of my head which smashed my forehead into the concrete; slamming the right side of my head into a steel sink/toilet repeatedly causing bleeding; twisting my right leg until my knee gave out "that has already been seriously hurt before and had surgery"; bending my thumbs trying to break them, intentionally dropping me on stairs hurting my ribs even worse, hurting my back--- and I was refused medical care properly by Nurse Robert Gage...

I already knew the corruption that I faced so that is why I claimed I was suicidal because I thought they was gonna just throw me in a cell without any medical attention and thought if I was put on suicide watch that I would have a good chance of getting medical attention on the next shift if I had an Officer in front of my cell--- and I did get medical attention about 10 or more hours later after the incident occurred--- I was seriously injured with head injuries, fractured ribs, gouged ~>

eyes with busted blood vessels, excessive chemical agents, twisted right knee, hurt hands with bent thumbs, hurt back, etc. → I left the Unit to Skyview and came back on 2-21-2018 and that's when even more of my property was missing and a Religious Item was stolen from me...

At no time did I attack anyone in any kind of way to even provoke any violence against me and even if I had it wouldn't give them the right to steal my property, illegally assault me with real injuries and leave me to suffer in very serious pain without proper medical attention...

I want to file criminal charges on these staff who physically injured me illegally and those responsible for them. I want money damages for the physical, mental, and emotional injuries I received and still endure. I want injunctions to stop this illegal behaviors and to make sure proper medical attention is given when there are true physical injuries...

I do not feel safe in this environment with prison staff that violated my Civil/Human Rights still around me like they didn't do no wrong. I'm having nightmares about prison staff abusing me in various bad ways. I feel paranoid about all prison staff. I've been hurt many times before and never got relief. The Grievance system is completely useless and very depressing with its corruption. I am currently seeking Legal Aid about this non-stop and I am very close to getting my inheritance money out of Wells Fargo that my Grandmother Grace Hestand left me. So it's just a small matter of time before I get a Lawyer or Law Firm and push these very serious issues and I will be keeping track of who does what they are supposed to do or not for future reference... You are fully aware of this illegal activity and my desire to file charges on those who have injured me so, I hope you all do what is supposed to be done -- everything I have stated in this letter is true under penalty of perjury. ~ I am prepared to take polygraph test but regardless of that, there is a ton of evidence in my favor. Please interview me soon and don't make me wait to get a Lawyer or Law Firm to press the issue because that is gross negligence and only injures me further... Warden Carol Monroe Jr. of Michael Unit of T.D.C.J.

Excuse me, in regards to the illegal events done against me by your employees on 2-13-2018 to 2-21-2018 → I want criminal charges filed on Captain J. Enge and Officer B. Neal for theft of property... I want criminal charges filed on Captain J. Enge and the Use of Force Team for excessive use of force on 2-13-2018 that caused me several serious physical injuries. I also want the Nurse on duty for that use of force to pay the consequences for his deliberate indifference for my obvious serious medical needs and not even doing his job properly...

On 2-13-2018 during the Excessive Use of Force, I was sprayed excessively with chemical agents without proper time being taken in between each spray and once the 5 man team came in my cell at 12 Building A-Pod 78 cell they proceeded to illegally assault me by gouging my eyes which busted all the blood vessels in my eyes, slamming me very roughly to the ground cracking my ribs, punching me in the back of the head forcing my forehead to smash into the concrete many times, slamming the right side of my head into the steel toilet/sink repeatedly causing bleeding, twisting my right leg until my knee gave out that was already messed up to begin with, bending my thumbs trying to break them, and intentionally dropping me on stairs which all together hurt my ribs with a fracture ~ and my back was hurt --- and I was refused medical attention for all these injuries for over 10 hours before I was taken to medical and I did not receive anything for serious pain for about 16 hours after the excessive use of force... I was tortured...

I do not feel safe in an environment where prison staff steal my property and physically abuse me with injuries. I'm having nightmares of being abused by prison staff and injured. This is not the first time I have been illegally abused by prison staff over the years. And when I file grievances about my missing stolen property and excessive use of force I didn't get any relief whatsoever ~ instead the grievance investigators do what they can to shut my complaints down,

Page #2

Under Penalty of Perjury I swear  
that everything I have stated is true...

even when I follow the guide lines that are in the Grievance Operations Manual. Of course, I don't expect any help or support from anyone who works for the Texas Department of Criminal Justice because I have never received any true relief for illegal actions against me from prison staff, so I'm doing what I'm supposed to do which is to exhaust all my remedies regardless of whether I get relief or not and I'm notifying the people in charge with the main authority over this Michael Unit and over T.D.C.J. itself and also to those who represent the Office of Inspector General.

Aside from that I am currently seeking legal representation and I'm close to getting my inheritance out of Wells Fargo that was left to me by my dear Grandmother Grace Hestand and so no matter what I am going to get a Lawyer or Law Firm to represent me to seek relief for physical, mental, and emotional injuries in Federal Court and no matter what I plan to file charges on those who physically abused me. So hopefully now that you are definitely fully aware of this situation, you take action and get the Office of Inspector General to investigate this illegal activity and help me file charges on those who violated my Civil/Human Rights by physically injuring me illegally.

You are now fully aware of these illegal actions by your staff here on Michael Unit. You are responsible for their training and their actions. I am not OK - I am not alright from these abuses... I want full relief including criminal charges to be filed on those who used illegal use of force on me, injunctions to stop these illegal uses of force from happening and for medical attention to be given properly to someone who has been physically injured; and I want money damages for the physical, mental and emotional injuries I received and that I still endure constantly, and I want injunctions and money damages for the theft of my property which is something else that should never happen. These violations of inmates' Civil and Human Rights do not make us better, it makes us worse in every possible way. It's just a matter of time before I am in position to push these legal issues through and I have to keep track of who does what they are supposed to do or not.

Excuse me, this is to notify you of illegal activities by those acting under Color of State Law that have very seriously injured me physically, mentally, and emotionally, and even Spiritually over many years up to very recently. This is also to notify you of my desire and very serious need for full relief for these abuses including criminal charges being filed on those who participated in illegal activities against me, injunctions to stop this illegal behavior/activities from happening again, and major money damages to make up for the injuries I received and still endure to this very day.

These illegal activities specifically regard: theft of my property, very excessive and illegal uses of force, Cover-ups of illegal activities by Grievance Investigators and Wardens, Cover-ups of illegal activities by an employee of the Office of Inspector General, deliberate indifference of serious medical needs, gross negligence for my safety, no relief for illegal activities/abuses against me, etc.

I have been in fear of pursuing legal action for these illegal activities ever since a Ms. Stevick at Connally Unit of the Office of Inspector General around December of 2011 covered up illegal uses of force where I was very seriously injured by prison staff regardless of tons of serious evidence in my favor.

Each of these illegal events occurred on the following dates: (9-10-2010), (9-9-2011), (12-7, 8, 9-2011), (12-10-2014), and finally most recently (2-13-2018) --- I know you have the power to very easily investigate these dates of illegal uses of force, theft of property, cover-ups of illegal activity by Investigators/Wardens and O.I.G. employees. I want criminal charges filed on all these people who abused me terribly and struck fear into my heart. I am not alright. And it will take a lot of relief to make up for these crimes against me.

Page #2

"Carbon Copied"

You and other may wonder why I have decided to take legal action now and what prevented me from taking legal action before --- First all, what prevented until now was several reasons: Fear, because I was seriously injured and Grievance Investigators/Wardens/and Ms. Stevick of the Office of Inspector General at Connally Unit of T.D.C.J. covered up illegal actions against me. I felt helpless because of these illegal cover-ups of illegal activities against me. I surely did not have the Legal Knowledge to take Legal action by myself. I wrote over 70 Law Firms/Lawyers in Texas and tried to explain myself as best as I could but I had no money for Attorney's Fees and Filing Fees and I had no outside support from any family or friends ---- I have been alone suffering these illegal abuses until now...

Although I now know more about my Civil and Human Rights and about Federal Law and about Lawsuits in general, I still do not feel like I can do it by myself ~ the Law is very overwhelming to me... But, one thing very serious is about to change: I am very close now to getting my inheritance out of Wells Fargo left to me by my Dear Grandmother Grace Hestand. And even though I am already in contact with a Law Firm right now, I will very soon be able to hire a law firm anyways and at that point I will not be alone anymore ever again and I want all the relief I can get for the injuries I received and still endure now and will have to endure til the day I die... No-one should have to suffer all this corruption and inhumanity that I have and still do...

My next step besides keeping a Law Firm fully informed of all these issues is to contact the Federal Bureau of Investigation and very graphic ally inform them of all this terrible abuse I have been through. I am not stopping until I get very full relief for all this injustice I have suffered... All I have written in this letter is true under penalty of Perjury... I hope you take action against these crimes against me... Truly,

Federal Bureau of Investigation

Hello ~ This letter is regarding serious criminal activities where I was badly injured by prison staff and those responsible for investigating and taking legal action against these crimes instead covered up the illegal activities deliberately... "Everything in this letter is true and correct to my knowledge under penalty of perjury." All these crimes happened in the Texas Department of Criminal Justice at the Connally Unit in Kenedy, Texas; at Jester 4 Unit in Richmond, Texas; and here at Michael Unit in Tennessee Colony, Texas where I am now...

To begin with, at Connally Unit I was already under investigation by the Office of Inspector General concerning an illegal Use of force from 9-10-2010 ~ I took a Polygraph test with the "State Polygraph Examiner" and passed the test regarding an Officer Marcos Perez striking me in the forehead with a riot baton while I was in handcuffs ~ I have witness statements and done complaints... I was interviewed by an O.I.G. Officer many times at first, then it all stopped ~ I was smashed again on 9-4-2011 by prison staff and seriously injured and couldn't get any relief whatsoever. And on 12-7-2011 I was smashed butt naked in handcuffs, stamped on, ribs cracked, excessive chemical agents, punched on, kicked, etc. repeatedly and of course, denied medical attention for all these incidents... Marcos Perez initiated the 12-7-2011 issue.

Well, on 12-8-2011 I get pulled out of a cell where I had been left butt naked with huge amounts of chemicals against my body and blood all over my head and footprints all over my body where I was stomped on... I get pulled out by a Ms. C. Stevick of the Office of Inspector General... She said she was there to interview me about the case from 9-10-2010 concerning Marcos Perez hitting me with the riot baton and the polygraph test I already passed but I had just got smashed again the very day before by prison staff again who →

Page #2

beat me up in handcuffs and sprayed me with several cans of chemical agents because of Marcos Perez again!!! No present was the Major over Seg at that time who I find out through the grapevine is in an intimate relationship with Ms. C. Stevick of the Office of Inspector General on Connally Unit --- She told me the O.I.G. Officer who was investigating my prior issue against Marcos Perez died of health reasons so she took over my case...

So I gave her a full report of the illegal uses of force of 4-10-2010 and 4-4-2011 and what had just happened the day before on 11-7-2011, which concerned Marcos Perez once again and other prison staff assaulting violently in handcuffs naked --- Officer Ms. C. Stevick of O.I.G. took pictures of my obvious injuries and I really thought I was gonna finally get some real relief for these major injuries I received illegally --- instead, Ms. C. Stevick of the Office of Inspector General covered up all the illegal activities, she ignored all further correspondence from me, complaints were ignored, she threw my cases out for no good reason --- even the one that I had already passed a polygraph test for with the State Polygraph Examiner --- It's simple, she was in a relationship with the Major and the Major was friends with the people who injured me under color of State law --- Ms. C. Stevick of the Office of Inspector General at Connally Unit covered up 3 very serious cases of illegal uses of force where I was seriously injured by prison staff. She threw my extremely legitimate cases out. She covered up illegal activities and she's supposed to be like a police officer separate from T.D.C.J.!!! It's a scandal of huge proportions what she did to me.!!! It has terrified me ever since from taking legal →

action? I didn't know what to do when the police are corrupted... I have felt helpless with deep anger ~ I have been on pain medication for over 8 years now from all the injuries I received and still endure --- I fantasize about revenge on this Ms. C. Stevick of the Office of Inspector General --- what she did to me is pure evil --- I am not OK? I am not alright that I got violated ~ I got injured very seriously and abused physically, mentally, emotionally, and spiritually to the extreme?

This is monstrous behavior against me? It's madness that I never deserved as a human being ~ it's incredibly wrong and I am still extremely injured from those excessive uses of force and I feel destroyed inside by Ms. C. Stevick of Office of Inspector General covering up all these illegal actions due to her relationship to a prison staff member?

I was also involved in an illegal use of force on 12-10-2014 where I was at Jester IV Unit and got smashed again by prison staff who beat me up real bad fracturing my ribs and breaking and tearing my right ~~arm~~ knee by stamping my knee into the concrete while another Officer held my leg for it to be done -- it was a nightmare of pain and suffering and all my complaints got covered up very quickly but I did get surgery for my knee on June 16th 2015 ~ I couldn't even walk ~ I was wheelchair bound?

I can show Sworn Affidavits about the Buses of illegal force from Connolly Unit ~ Jester 4 did a serious cover up that only great investigators could dig up --- I know everyone involved and there is a use of force file for it still along with medical records on file for it...

OK, now recently on 2-13-2018 here on Michael Unit I was ~

Page #4  
 ~ again injured seriously by prison staff who used excessive chemical agents on me, beat my head into the concrete, gouged my eyes, skinned my head into a steel sink/toilet, twisted my right knee til it gave out, fractured my ribs, messed up my hands, caused a hearing problem --- and they stole half my property - I ended up going to a free world hospital where I was shown very deliberate indifference because I'm an inmate.

The corruption I have endured and suffered in T.D.C.J. is insane and has ruined my life --- I want criminal charges filed on all those who have abused me, who have injured me ~ I want this illegal behaviors to stop, ~ I want serious money damages for my anguish ~ I want all this information to be publicized so everyone can see what's really going on in T.D.C.J. "This inhuman place makes human monsters..."

Please investigate this very real corruption ~ T.D.C.J. employees are trying real hard to cover up this illegal activity here on Michael Unit --- I have tons of evidence in my favor right now - they will not process my grievances or give me any relief ~ If I dig through my paperwork I can find more abuses prison staff got away with by a serious conspiracy of cover ups by Authorities/Investigators who all work with or for T.D.C.J.

Why am I willing to act now? That's simple, I'm very close to getting my inheritance out of Wells Fargo and I know I can hire a Law Firm to finally back me up for the rest of my time... Also, I am already in contact with a Law Firm right now... But I firmly believe the F.B.I. needs to step in on this issue ~ especially when an Officer of Inspector General covers up illegal activities and completely and utterly abuses her position illegally because of her relationship with a Major of prison staff...

Please get at me as soon as possible. I'm serious about all of this and I truly need help from good people out there... Sincerely, Jamon N. Hestand

# Sworn Affidavit.

On March 31st, 2021 at about 10:15 am I was taken from 12 Building D-Pod 75 cell by Sgt: Daniel R. Jett and by C.O. - Debra S. Holbrook to 1 Building to supposedly be served some sort of paperwork.

When we got to 1 Building and made it right past the first doorway going in there was what "looked like" a freeworld Officer of the Law but not in Uniform (it was a white man wearing a cowboy hat, jeans, plain plaid shirt, etc.) He had what looked like a badge on his belt but I couldn't see it clearly.

Anyways, this individual who claimed to be a Deputy, served me some suspicious paperwork claiming it was an "Indictment" and that "OIG" filed charges on me and I said that "OIG" can't file charges, so he said it was the Grand Jury and I said they can't do it either and I asked where is the District Attorney's name on the paperwork and he said he was done with me so I asked who he was and he said it was on the paperwork but I couldn't read and told him so and he said he was "Deputy Massie? sp?" and I asked him to spell it but he refused saying he printed it on the paperwork which he did not --- he got angry and told me that I better hope I don't come to his Courtroom for any reason! Like he was trying to aggravate me on purpose and it did make me angry too!

I can not read his name on the paperwork and I believe this supposed Indictment is false for several reasons and that supposed Deputy had no right to threaten me at all! And I know for a fact that neither the "Grand Jury (which I can not read the name of the foreperson on the paperwork)" or the "Office of the

Inspector General can file charges on me at all! And from what I understand, this same corruption has been going on in Anderson County for many long years where they try to scare Incarcerated Persons into signing "Plea Bargains" regardless of the truth of each situation so they (they being District Attorneys/OIG/etc.) can get quick Prosecutions to make themselves look good supposedly but the main Victims of this political scheme are People of Color along with Working Class & Lower Class individuals but People of Color are the main Victims of this hateful enterprise and I'm a white guy but I see it very clearly!

\* District Attorneys file charges! But here I am in the Spiders' Web my self and so apparently there's some major corruption that needs to be brought all the way up and out to the Light for everyone to see and the sooner the better! The District Attorney of Anderson County, Texas is "Allyson A. Mitchell" (I believe) currently and what really trips me out is how the Office of the Inspector General conspires against the rights of Incarcerated Persons with the TDCJ-CID and the District Attorney of whatever district they're in to obstruct Justice for actual Human/Civil Rights Violations or Felony/Misdemeanor Crimes committed against Incarcerated Persons by Prison Officials & Staff on a very regular basis which is exactly what is being done to me right now in Anderson County after being assaulted & battered several times with serious injuries on February 13th, 2018/December 9th, 2019/April 5th, 2020/March 4th, 2020/etc. along with Grievance Investigators and many other Prison Officials & Staff who deliberately violated me with Felony Crimes a bunch of times but I'm still being denied my Victims Rights to this very day! ~ "I declare under penalty of perjury that the foregoing is true and correct. Jamon,

I didn't try to get your medical info, but did make a complaint based on the information about staff assault(s) on you. I had no idea how accurate it was, but when I get a serious case, I raise the question with TDCJ. I never know what they say to an inmate or what they ask. They just try to whitewash it all.

If you want to send us information, for now, use this temporary address of our Producer, since we have been out of the station since March, first over Covid-9 and then over a major mold issue in the building. It's making the mail really hard to get, then catch up with.

David Collingsworth / The Prison Show

When you write, please keep very brief and to the point, as our volume of mail makes it really hard to read a six page hand written letter. We get a lot of mail, but it is in batches of 30-40+ every few weeks. That pile all at once makes it worse and we have no outside help. We want the complaints and information but are often overwhelmed by the volume.

I know Ms. Solomon. She's a very good lawyer for cases like yours. I have made contact with her.

I included you in my weekly email to TDCJ again this week and told them medical care is being withheld. They already tried to say it was investigated last time, but I told them it's still that way and they said they'd check again. You know how they do it. Deny and delay and deny again.

Maybe if I can keep it up, at some point they'll either handle it or slip up and I'll let Ms. Solomon have a copy of that. Meanwhile, keep your spirits up and you nose clean.

Thanks,

Hank

Dear Jamon,

Thank you for writing to TIFA. I certainly appreciate your struggle and I have heard of IWOC before. I have not heard from Brianna and she has not paid for your newsletter subscription but I am going to send you our most recent newsletter.

We have had a lot of complaints about the Michael Unit and that will be a focus on our next phone call with TDCJ. Hopefully the Johnny sack meals are getting better, if not hopefully soon. I know it is a struggle but we must struggle on and keep the faith.

I am also including some information about the COVID-19 pandemic and want you to know we will be working to do as much as we can to help everyone through these extremely tough times.

Sincerely,

TIFA Staff

Dear Jamon,

Thank you for writing to TIFA. We receive many letters from people inside TDCJ and it is difficult for us to reply to each individual request.

Our mission is to break the cycle of crime by strengthening families through support, education, and advocacy. This is where a TIFA membership comes into play. We encourage families to join, as connecting families during the incarceration of a loved one is important to provide critical information, support and help mitigate feelings of isolation and hopelessness that many people in your and your family's position experience. Additionally, policies and practices are constantly changing in the Texas prison system and TIFA helps families navigate the TDCJ bureaucracy.

We were inquiring if you got your property yet. Please remember the mail has been slow because of COVID, holidays, and etc. Usually, sending I-60's to your old unit's property office will start the process of getting your property.

Sincerely,

TIFA Staff

SWORN Affidavit

At or around 1:00 AM on July, 31, 2018 I, Joseph Williams, witnessed officer Michael. O. Casteel threaten, offender, Jamon. N. Hestand #1343536 in 12 Building, A Pod, 3 section 31 cell, to assault offender Hestand in medical where there are no cameras. I also heard him say he would find his family (mother and sister) and do things to them as well. Officer Casteel was intentionally and deliberately antagonizing offender Hestand. Officer Casteel was very unprofessional in the way he handled matters constantly using profanity and taunting language and gestures. I watched and heard this from 36 cell of 12 Building, A Pod, 3 section.

I Declare under penalty of perjury that the foregoing is true and correct.

Sworn Affidavit:

Since about November 6th, 2020 I have relentlessly reported the following symptoms to Medical Personnel here on Estelle Unit along with On Duty Staff: Fatigue, Chest pain, nausea, sore throat, congested nose, cough, sneezing, diarrhea, feeling something in my lungs that burns, etc. to the following medical Staff: Provider Temitope Adams, Nurse Sherman, Nurse Michelle Northcutt, Nurse Cheryl Long, Nurse Hutt, et. al. and have been deliberately denied lab test for flu and/or COVID-19 infections all the way til now here on December 3rd, 2020 & ongoing! I'm being tortured on purpose!

I also reported symptoms to Medical Personnel at Hospital Galveston including: Nurse Brown and Doctor Orihuela on November 12th, 2020 that I had symptoms such as: fatigue, cough, chest pain, blood in my congested nose, serious nausea, feeling something in my lungs, loss of appetite, feeling like I was going to vomit, etc. and I was still denied a lab test for COVID-19 and/or flu "Influenza" and I told on duty Staff like Officer Taylor, Officer Clay, Officer Cana, et. al. and was refused medical attention/lab test/treatment by everyone working under color of State Law!! At the Hospital Galveston!

Here it is December 3rd, 2020 and I am still sick and even sicker with: serious nausea, heartburn, fatigue, cough, burning in my lungs, diarrhea, congested nose, chest pain, itching in my ears, food not tasting right, sore throat, shortness of breath, hard to eat my food, anger & depression, some sneezes, etc. and I am still being denied lab test for COVID-19 and/or Influenza by Medical Personnel on Estelle Unit!

I can hear other Incarcerated Persons & Prison Staff coughing & sneezing around me here in A2-102 cell on the main building of the Estelle Unit which is a Medical Facility full of Incarcerated Persons at very high risk of death and/or serious health problems from COVID-19 and/or Influenza but Prison Officials & Staff are not doing mass lab testing for either disease so they can pretend the positive cases are low when in fact, they are only testing the very sickest prisoners with extremely obvious symptoms while refusing to test anyone else while all 2

Prison Officials & Staff come & go through only a defective temperature test back & forth from Society in & out of what has become a breeding ground for COVID-19 that Prison Officials lie about on purpose so they can keep Prison Slaves working for free for their ignorant monetary interests during this Worldwide Pandemic outbreak. They are monsters with evil intentions!

It's cold back here on A-Wing due to very poor insulation and the vents that blow heat being very weak! We have filthy showers! We can't get no clean clothes or laundry on a regular basis! We rarely get any cleaning supplies! We are denied lab test for COVID-19 on purpose! The food & drinks at every meal go through cross-contamination of Staff & Incarcerated workers touching all sorts of things and touching our trays & drinks and their masks/faces/etc.! It's terrible!

I am in serious pain from unsolved multi-site injuries related to the excessive/illegal uses of force from February 13th, 2018; December 4th, 2019; March 4th, 2020; and April 5th, 2020 and I am obviously sick with COVID-19 but I am being denied lab test & treatment on purpose. I've wrote Medical & reported my symptoms non-stop. And they don't give a damn about me or any others at all! I need help badly! We all need help badly! The Virus never stops in here! There's nowhere to run and nowhere to hide! I've been hit by wave after wave and I'm beat down with my injuries at the same time! Please help me!

"I declare under penalty of perjury that the foregoing is true and correct.

RE: Jamon N. Hestand #1343536  
Michael Unit  
2664 FM 2054  
Tennessee Colony, TX 75886

Excuse me, I've been dealing with serious pain from multiple injuries, most of which stem from an excessive use of force on February 13th, 2018 where Prison Officials & Staff assaulted & battered me with serious. They fractured my right lower rib, twisted my right knee, hurt my lower and upper back, hurt my right hand, busted my head repeatedly causing a ringing, peircing sound that never ends with bulging eardrums, busted blood vessels in my eyes, etc. --- The other main injury which comes from a seperate incident is my left testicle which hurts constantly.

For 2 solid years I have wrestled with the medical department between Michael Unit, Estelle Unit, and Hospital Galveston while I'm living in serious pain and I have been faced with all sorts of retaliation, delays, rescheduled appointments, fake refusals turned in, no doctors at Galveston, Grievance Investigators violating my Protected Conduct of Filing Grievances, etc...

Since September 2014 I really started going on medical transport Chain back to back going through terrible conditions back & forth from Michael Unit to Estelle Unit to Hospital Galveston and back again and it escalated in January 2020 to 4 medical chains in one month. But I couldn't go on the January 29th, 2020 chain because of multiple reasons such as intense physical, mental, and emotional trauma. I am getting hurt worse from these medical transports/chains which are →

very unsafe with no seat belts and unnecessary inhumane shackles leaving me defenseless and hurt each time. I'm forced into dirty filthy cells coming and going. I can't take care of my personal hygiene, legal & personal mail (or receive it), can't get to other medical appointments on the Unit, I get starved with sack meals that don't have my proper diet, struggle to have clean clothes, etc. etc. --- It's torture!

I'm hurt bad! My right knee throbs with pain --- I can feel my right lower rib poke my lung when I breathe in and it aches continuously. --- My right hand has pain and seems slower and not as strong a grip --- I have a headache that never ends with a pressure that's hard to explain in my head --- I hear a ringing peircing sound that never stops in both ears --- my left testicle has sharp or throbbing pain that fluctuates continuously --- my right nostril is broken in making it hard to breathe properly and it messes with my mind & health --- my lower back/spine hurts with a mixture of sharp pains/throbbing/numbness/etc. and there's a protrusion on the right lower side that's not on the left side! --- My upper back hurts very bad 'especially' the entire upper right side area and feels like something is torn/out of place/chipped or some crazy shit that hurts like hell! --- All these injuries are killing me with pain all at one time and messing with my mind badly and most are very serious and years have gone by and nothing has actually been done to fix or treat these problems and Ibuprofen ain't never helped anywhere near enough! Even with the Psyche Meds I used to get it still wasn't enough! Now this stupid Telepsyche Ms. Pena took me off all the psyche meds I'm in intense pain!

\*\*\* I need to be moved to Region III as close to Hospital Galveston as possible or even at Hospital Galveston so I don't have to be tortured with transportation and the terrible conditions I've mentioned already and so I can be treated properly because I am suffering greatly and can't endure the godded pain physically or the mental anguish anymore --- it's gone way too far!! --- Please get me moved to Region III as close to Hospital Galveston or at Hospital Galveston permanently til I get out of prison. I am not participating in the Mental Health Program so there's nothing to hold me here at all! I need real help immediately!

Please get back with me as soon as possible and get me moved to Region III as close to or at Hospital Galveston. Until then I am going other routes but you have the power & responsibility over this issue and that's why I'm writing you now so please get back with me by at least February 28th, 2020 which is about 13 business days so I know how to proceed...

\* You can contact me or my Legal Representative "Attorney Tanika J. Solomon" or anyone else at the "T.J. Solomon Law Group, PLLC" at either (713) 640-5956 or (attorney@tjsololaw.com)... Hope to hear from you soon. Have a nice day.

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing. Capt. Almendarez - Lt. Bohman - Sgt. Rosales - Sgt. Mutz - Benividez - Ms. Oliver  
 Who did you talk to (name, title)? Sgt. Barrientez - Ms. Green - Leal - Ruiz - Seaford - Ramirez - Mora When? 9-9-11

What was their response? File a I-127 for Use Of Force

What action was taken? I was beaten with excessive force and denied proper medical attention

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

*started at 7:00 cell*  
On 9-9-11 COs Mora & Ruiz jacked my lunch tray after Mora said I got water on him. Earlier that day they skipped me on showers which pissed me off and when I said something about it to them, I was told that I ain't getting shit. So I banged on the door after they jacked my tray and was told by Mora that he's writing me a case & jacking my trays and Ruiz said if I keep it up he was gonna get me ~ So to try and get rank I started a fire in my cell in my toilet with my trash bag & paper ~ Mora & Ruiz came back and Ruiz told me he is coming with the team and that I got that coming. Ruiz threatened me so I tried to lock my door and I made me a mask, put my mattress by the door, & my property on the bunk.

When the team came I looked out and there was C.O. Ruiz with a shield at my door, with another quick look around I saw Leal - Ramirez - Seaford - Benividez "suited up" and Lt. Bohman - Ms. Oliver - & Sgt. Rosales. When I saw Ruiz I was afraid I was gonna get hurt, so when they told me to submit to hand restraints I couldn't get myself to cooperate ~ At first I just held the mattress there til they pushed it out the way & busted the gas in the cell ~ so I let the mat go and wandered around the cell trying to figure what was going on ~ I was confused and the air tasted like hot sauce and for some reason it was dark ~ I got up by the vent to cool off and they kept busting gas or some kind of spray into the cell ~ they was saying something to me over & over & kept messing with the door but I couldn't hear them, I have no idea what it was ~ I threw water all over the floor, walls, ceiling, steel and door to try and cool it down in there a few times when finally they got the door open - Ruiz came in and knocked me down with a shield and then they started beating me and torturing me - Ruiz began by punching my face and head then one of them started crushing and pinching my testicles real hard, I got choked with a sack til my vision went black - Ruiz started slamming face up and down on the concrete banging

Case 6:22-cv-00006-JCB-KNM Document 17-2 Filed 02/01/22 Page 34 of 61 PageID #: 202  
my face up & head - someone tried to break my thumb - My neck's back got twisted - Left knee  
got stomped - Toe hurt - Ruiz poked my eyes with fingers and punched & slammed my face  
- they kept torturing me - I pleaded with them to stop, I was told no - I did not resist them  
yet they kept hurting me & hurting me til finally they smashed cuffs on my ankles  
and wrist as hard as they could - I had said over & over that I wasn't resisting and they  
still hurt me til I defecated myself - There was blood dripping down my face - I kept  
saying things to try and calm them down - I told them I need medical attention - that  
I was punched in the face - testicles ripped at - thumb almost broke or fractured - Eyes poked - face  
slammed on concrete - cuffs on too tight - Can't see - Ms. Green did not do a proper medical exam by  
E-20 cell - I was put in cell still bleeding & hurt - Stripped & left naked & given nothing to decontaminate  
myself with... I've been without clothes all weekend - no sheets - nothing - no soap - and I'm still hurt all over  
Action Requested to resolve your Complaint.

This was an Excessive use of force - they beat me & hurt me & I didn't get no proper medical attention at all...  
I want to speak with O.I.G. & file charges on these Officers out of control - I need real medical attention...

officers

These 'used excessive force and I did not get proper medical attention. Officers did not follow procedure for a Use Of Force as in the guidelines - I was punched in the face, choked with a sock, face slammed on the floor, testicles ripped at, knee stepped on, thumb broken, toe broken, neck & back twisted all of which is illegal excessive force...

Then I was left naked in another cell for 3 days with no medical attention ~ Even long after to now I'm still hurt and haven't gotten what I need from medical... O.I.G. hasn't done anything about this excessive force ~ I haven't even been questioned by O.I.G..

Nothing has been done in my behalf. These Officers involved in this Use of force did not act like professionals - their actions were not within established guidelines/procedures/etc. especially Rodolfo Ruiz who was the main one punching me, slamming my face on the concrete, rubbing gas in my eyes, and choking me with a sock...

I need to be transferred to another unit because I've been experiencing retaliation from these officers and it has spread to inmates by rumors of me snitching ~ I need a new start somewhere ~ I'm doing bad here on Connally Unit for real. You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Marco Perez - Lt. Marcus Keller -  
Capt. Dupnik - O.I.G. Ms. Stevick - Capt. Almendarez When? 12-7-11/12-8-11/12-9-11-  
 What was their response? Exhaust all remedies "OTG" - Would look into it "Both Captains"  
 What action was taken? Marcos Perez was removed from Ad-Seg away from me

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Early in the morning around 3:00am at breakfast time in 12 building Epod 51 cell I was at my door waiting to be fed and Marcos Perez was feeding. Coming from my left, going to my right. When I saw him pass my cell by I asked him if he was jacking me and what's up with my tray and was told sarcastically that I already got a tray and he continued on into the next section without feeding me.

For over a year now since 9-10-10 when Marcos Perez hit me in the head with a riot baton assaulting me, I've been subjected to constant harassment from Marcos Perez and his co-workers when in fact he was never supposed to be anywhere near me according to O.I.G. Officer Ms. Stevick after he assaulted me on 9-10-10 which I passed a polygraph test to prove and provided witness statements also in my behalf.

I have filed grievances every time there's been a problem but nothing has been done in my behalf. Everytime I wrote a grievance on Marcos Perez my claims have been discredited by Marcos Perez's word against mine even when I've had witnessed and a passed polygraph test with the State Polygraph Test Examiner for O.I.G.. His word shouldn't be taken as gospel when I've already proved Marcos Perez's word is no good.

JAN 17 2012

I spoke to Captain Dupnik on 12-7-11 about the constant harassment by Marcos Perez and how he keeps trying to provoke me which he did by jacking my tray which led to me throwing water out my door which led to a use of force. I spoke to Ms. Sterick on 12-8-11 of O.I.G. and was told that Marcos Perez was never supposed to be anywhere near me to begin with. Marcos Perez wrote a case #20120048951 saying I assaulted him which I did not. I went to court on 12-9-11 and spoke to Captain Almendarez about this whole issue with Perez and was told he'd look into it.

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be specific). I am dissatisfied with the response at Step 1 because...

DEC 28 2011 There was no response to the Step 1 Grievance ~ The Step 1 was returned because L. Salas says the issue presented is not grievable... How is the issues in the Step 1 Grievance not grievable? That doesn't make any sense at all... DEC 28 2011

DEC 28 2011 L. Salas did not investigate staff misconduct, administration letting an employee who assaulted me have access to me repeatedly after the attack, falsification of records by Marcos Perez, Marcos Perez jacking me for my breakfast tray... Once again this is proof of the corruption of the internal grievance system. DEC 28 2011

DEC 28 2011 Administration, Officials of TDCJ, Grievance Investigator L. Salas are discriminating against me and increasing my punishment above and beyond what the state court sentenced me to. These actions being taken against me violate all Texas Prisoner Constitutional Rights. I have never found any relief using this corrupted internal grievance system run by prejudiced staff who work for TDCJ themselves and refuse to do what's right legally and morally... DEC 28 2011

DEC 28 2011 This grievance was not given a response because Administration knows they made a mistake and want to try and cover it up. Marcos Perez was never supposed to be anywhere near me after he assaulted me but he has had access to me ever since and I have been subjected to constant harassment and retaliation. My many grievances have been ignored or shot down as frivolous by believing the word of Marcos Perez over mine even though I passed a polygraph test - which he hasn't took because he is a liar... JAN 10 2012

DEC 28 2011  
 This grievance needs to be investigated and a respo.  
 given. Either which way regardless if you Officials of TDCJ  
 in the Grievance want to respond or not -- I have exhausted all  
 remedies even as useless as they are as far as the Step 1 and  
 Step 2 go. DEC 28 2011

DEC 28 2011  
 I turned the Step 1 grievance in on the 21st of  
 December so the date received from offender saying  
 December 27th is incorrect. I'll gladly take a polygraph  
 test for everything I have said in this grievance. I speak  
 the truth in the face of TDCJ's corruption. DEC 28 2011

After Officer M. Perez tripped me down and hit me in the head with the riot baton spilling my blood. I got away from Officer M. Perez and head towards 8 building and ran into other Officers, one of which was Lt. M Keller - I submitted to restraints - they got a video camera and took me to medical - when we got in there I had blood all down my face - a nurse tried to clean me up, but I said I wanted Pictures to be taken first for legal purposes before it was cleaned up - at this point Lt. M Keller refused my medical attention rights without my consent - I was escorted out of medical without any medical attention at all - I repeatedly asked for my medical attention, whether I was still going to get medical attention or not, and said out loud that I still need medical attention even when they got me to 11 building solitary hallway and got a camera and took pictures of my wound before they put me in a cell I said on video camera I still need medical attention, am I still gonna get medical attention.

It's now 9-12-10 and I still haven't received any medical attention so my wound is probably going heal into a lot bigger scar than it should have since I didn't get no stitches like I should have.

on 9-10-10 at about 9:00 am

I was in handcuffs - all I did was stop because  
 Officer M. Perez kept yanking me around different directions  
 right past the pill station going back to 8 building.

In anger, Officer M. Perez tripped me down and hit me in the left  
 forehead with a riot baton opening a gash on my head spilling blood.

Officer M. Perez shouldn't have attacked me  
 at all, because I didn't do anything that required any sort of force.

Yes

An "open wound" on my  
 left forehead, with bruising that needed stitches, but I never  
 got any medical attention since 9-10-10 - it's now 9-12-10 -

On 9-10-10 at about 9:00 am after leaving medical after they tried  
 to put me back in a office with Joseph Shollenbarger after I had already filed a  
 grievance on him for homosexual misconduct - On the way back to 8 building  
 Officer M. Perez kept yanking me around different directions - so when  
 we passed the pill station going to 8 building he "Officer M. Perez yanked  
 me again for the fifth time, so I stopped and said "Hey man, quit  
 yanking me around." He said "Shut whiteboy, you ain't running shit!"  
 So as I took another few steps & Officer M. Perez tripped me down and  
 - hit me in the forehead with the - riot baton

that says "shut up"

Who did you talk to (name, title)? Lt. M. Keller / Major Bowers / Officer Lopez & Jose Jimenez When? (9-10-10) <sup>Date</sup> At About 9:00am

What was their response? Write a Grievance / Take legal action

What action was taken? Got denied medical attention after I was attacked

State your grievance in the space provided. Please state who, what, when, where and disciplinary case number if appropriate.

All in one day on <sup>Date</sup> (9-10-10) starting at about 9:00am that morning - I was supposed to go to medical to see Dr. Coronado - Officer M. Perez was my escort - Everything was ok until we got to medical - Instead of seeing Coronado they tried to put me back in the office with Joseph Shollenbarger who I just finished filing a grievance on and making a report on with Officer Gill for his homosexual misconduct... When I realized they were trying to put me back in there with Joseph Shollenbarger - I did a walkout from medical - this made Officer M. Perez angry for wasting his time taking me to medical for nothing "I could not go back in front of that homosexual Joseph Shollenbarger" - So on the way back to 8 building, starting at medical Officer M. Perez started yanking me around to try and get me off balance - by the time we got to the pill station Officer M. Perez had already yanked me 4 times - as soon as we passed the pill station M. Perez yanked me off balance for the 5th time - so I stopped and said "Hey man, quit yanking me around!" He said in reply "Shut up Whiteboy you ain't running shit!" I said "Man, just take me to my cell!" I took a few steps when Officer M. Perez suddenly tripped me down to the ground and hit me in the left forehead with a riot baton spilling my blood in his anger - at this point I slipped away from him going towards 8 building - I shut a gate between us to keep him from attacking me anymore - Then submitted to restraints for Lt. M. Keller and was escorted back to →

Officer Lopez & Jimenez brought my property.

medical "uncomfortable" when we got there they tried to clean me up, but I said I need pictures taken of the wound "as is" for legal purposes - So Lt. M. Keller refused my medical attention - I asked many times for my medical attention on video camera - Also, when my property was brought to me from 8L-55-T I'm missing: Night Light - 4 Prong Multi Outlet - Pair of Brand New Contacts - Casio Free World watch - Religious Stones - 2 Big Bowls - 3 Pens - 2 magazines "American Curves" - 1 Sporting News <sup>magazine</sup> - Also, I just got case # 20110011201 that Officer Marcos Perez wrote to cover his tracks with false allegations against me - There is insufficient evidence to prove the allegations against me in case # 20110011201 - it's nothing but hearsay - But there is a gash on my forehead that got no medical attention to prove Officer Marcos Perez attacked me with a riot baton. <sup>I spoke with Major Bowers about the incident and was still refused medical</sup>

Action Requested to resolve your Complaint.. I want hearsay case # 20110011201 to be dismissed  
I want Physical, Mental, and emotional relief and/or compensation for Officer Marcos Perez harming me maliciously with excessive force and for the refusal of my medical needs and "deliberate indifference" to my serious medical needs  
I want reimbursement for property that's missing from when I was in 8L-55-T cell

Your complaint has been noted; however, you have failed to provide evidence to support your claim. Give reason for appeal (Be specific). I am dissatisfied with the response at Step 1 because...

Apparantly none of you TDCJ employees even tried to find any witnesses of this incident up to this point, which surely should have been done since there was exactly 24 cell windows facing the area of the incident from I-pod "233 section"

Nothing was even said about me being refused medical attention either... This investigation so far is very incomplete - it seems to me like its an attempt to cover up the incident altogether...

Just so you know I'm willing to take a polygraph test in my behalf to help prove the honesty of my statements about Officer Marcus Perez attacking me and anything else I've stated so far regarding this incident...

I haven't got any relief at all for this attack on me, refusal of medical attention or any compensation whatsoever...

## Sworn Statement

On September 10<sup>th</sup> 2010 My cell mate and I were looking out the window, looking to see if Chon-hall started yet. It was about 9 o'clock in the morning. At this time I saw officer M. Perez escorting an offender back towards the Buildings. After they passed the pill window at B-Turn out and got halfway towards 7 Building Gym, They stopped for about 15 or 20 seconds. They then started walking again when the officer pushed the offender down and hit him in the head with his baton. The offender somehow got out of his handcuffs and started running away from the officers towards E Building. The officer M. Perez followed him after several minutes. The offender came back into my sight with several officers and ~~the~~ a video camera. The offender was bleeding and the officer escorted him towards Medical. I ~~the~~ later learned the offenders name is Jamon Hestand when my cell mate told me he met him on the Rec. yard and asked if I would write a statement about what I saw. I went and talked to the offender myself to make sure I recognized him and that it was the same person I saw.

"Sworn Affidavit"

I Tito Thomas Bowen am an inmate housed on JBS compound unit.

I lived in 12-E-50 right next to Jamar Hestand in 12-E-51.

On Sat Dec 3<sup>rd</sup> 2011 I stood in my door & watched as Sgt Marcos Perez ~~can~~ deliberately tried to provoke & harass Hestand. He called Hestand a snitch several times, his intent obviously to try & get inmates to turn against Hestand.

On Sunday again at breakfast on Dec 4<sup>th</sup> Sgt Perez was being fed on 2-Brow where we resided, when he came to Hestand's cell he did not feed him. C.O. Aguilar was carrying the food carrier & went along with Perez. Approximately 30 minutes later as Perez, Aguilar were picking up trays ~~down~~ Hestand threw some water on the run, as he did this Perez started to yell & falsely claim that Hestand threw water on him. Perez call his fellow on the walkie talkie & said as much when his fellow came to speak with Hestand, Perez told Keller that he did not feed Hestand, Keller then told Hestand that he was making to rebel & harassing Hestand then told Keller that Perez had been constantly harassing him & he was not going to move until he was fed. At about this time Sgt Rojas came & told Hestand that if he did not come out "we are gonna kick your ass."

A five man team was assembled & Keller came with chemical agents. Chemical agents were deployed on offender Hestand, after the 2nd spray Hestand said "all right, I submit I give up" he then started to comply with orders after he was named. Keller sprayed him 2 more times. He then ordered Hestand to place his hands on the tray slot to be placed in handcuffs. Once in handcuffs Hestand's cell door was opened, the five man team & Keller then went inside Hestand's

cell beat him. The whole time Keller kept saying inmate  
 keep resisting & Hestand was screaming that he wasn't & was  
 begging for them to quit assaulting him. After they beat him they pulled Hestand out & the nurse who witnessed  
 the whole thing acted like she was checking to see if Hestand was ok.  
 Officer Williams was the video operator & he was laughing the  
 whole time. They then escorted Hestand to his housing. From my knowledge  
 he was never given the opportunity to be decontaminated.  
 This is not how our incident was transposed with Mr. Keller.  
 I will swear under perjury that everything I've described  
 is true & correct.

## SWORN STATEMENT

ON Sep. 10<sup>th</sup> 2010 I was in my cell looking out my window on I-Pod in 67-cell. I was looking to see if they had started running lunch yet, when I see officer M. Perez escorting a Red haired offender coming from the area of the Chow towards B-Turnout, when the officer and offender got between B-Turn out and 7 Bldg. Gym, they stopped for a few seconds took a few steps then officer Perez tripped the offender and pushed him, the offender fell and the officer then hit the offender in the head with his Baton. The offender started scrambling away from the officer and it looked like the officer was going to hit him again. The offender somehow got up and started running and somehow had his hands out of his handcuffs. He ran through 8 gate and officer Perez followed. After a few minutes the <sup>breaking</sup> offender came back through 8 gate with several officers and a video camera. I know it was officer Perez because I've seen him working around the unit. I later learned that the offender's name is Jamon Hestand. I was on 7 Bldg. Rec. Yard talking to offenders on 8 Bldg. Rec. Yard, when I heard offender Hestand telling some other offenders about this incident, when I heard him telling the story I interrupted the conversation and asked him "That was you that got hit in the head by Perez?" He told me "Yeah" and asked if I would write a statement about what I had seen. He told me his name and I agreed.

# Sworn Affidavit

On 9/9/11 officer Miguel A. Mora and Rodolfo Ruiz did not feed offender Jamon Hestand #1343530 on F-pod 12 building E section C8 cell 2 row. The said offender did ask repeatedly for an ranking officer which was refused by officer Miguel A. Mora and Rodolfo Ruiz. The said offender then did start a fire inside his cell to try and get ~~the~~ ranking officer to come to the pod in which the pod officers ~~mora~~ and Ruiz still refused to call an ranking officer at 1:59 a 5 man team of S. Oliver on camera, Walter F. Sifford "On team", Juan Leal III "on team", Rodolfo Ruiz front man with shield, "on team" also was working the pod and one of the officers who did not feed the offender at lunch. Ramirez "on team" Ray A Benavidez "on team" also the ranks running the team Mark A. Rosales (Sgt) Raymond G. Almendarez (Capt) Robert K. Boheman (Sgt) Nathan A. Mutz (Sgt) and Simon J. Barronier (Sgt) came to Fpod E-section to C8 cell (offender Jamon Hestand #1343530) 2 row and asked the offender to submit the hand restraints, twice, then used chemical agents 4 times ("without an medical staff being present") before running in the offender's cell using excessive/unnecessary force with serious injuries. I Trevon R. Cooks #1576187 in C4 cell of pod E section heard the officers beating, kicking, punching and using a baton on the offender (Jamon Hestand #1343530) while screaming, "Stop Resisting". Please be advised that officer Rodolfo Ruiz was the first officer inside C8 cell and that officer Miguel A. Mora was in Fpod control. Also nurse Kariessa Green did not come till after the officers on the team had the offender up and out of his cell. When I Trevon R. Cooks seen the offender Jamon Hestand as he was being escorted down the E section stairs by the officers on the team, the right side of his face was bloody the whole right side was bloody. They then escorted the offender off the pod. Please be advised that the offender was provoked because officer Rodolfo Ruiz and Miguel A. Mora did not feed the offender at lunch and the offender did request for rank numerous of times, even starting a fire in his cell to get rank to come to the pod and no one came until the the team was present.

I Trevon R. Cooks #1576187 have sincerely and truthfully stated the facts and what I have seen and heard. I do understand that providing a false statement can and will lead up to criminal charges.
